Experience

Indian Institute of Technology, Madras
Student Mentor February 2026 - Present

- Guided and mentored a cohort of 60+ students in the *Programming in Python* course, improving conceptual understanding and academic performance.
- Adapted in a cross-functional teaching team to enhance course delivery across personalised sessions and drive measurable improvements in student performance.

Institute of System Studies and Analyses, DRDO Delhi
Research Intern May 2025 - June 2025

- Developed grid-based agent navigation models using Q-Learning and SARSA algorithms.
- Implemented reinforcement learning solutions using OpenAI Gym, PyTorch, and NumPy to simulate and train agents.
- Evaluated policy outcomes using performance metrics and optimized agent actions for discrete environments.
- Achieved >98% accuracy in controlled environments

Education

Indian Institute of Technology Madras Bachelor of Science • 8.75 GPA
Data Science 2023 - 2028

Maharaja Agrasen Institute of Technology Bachelor of Technology • 8.79 GPA
Computer Science and Engineering 2023 - 2027

Projects

Image Analysis using machine learning

- Processed a dataset of 10,000+ images with varying lighting, noise, and orientation to simulate real-world ML challenges.
- Enhanced model performance through data augmentation, normalization, and histogram equalization techniques.

Quiz Master - Student management system

- Designed a responsive CRUD interface for managing 1,000+ student records.
- Optimized the backend to support 500+ concurrent users with 15% faster response time.
- Obtained a 10 pointer score on this project in multi-level vivas conducted by IIT, Madras and industry professionals.

Volunteering

National Cadet Corps

- Attended the Combined Annual Training Camp at DGNCC.
- Gained hands-on experience in collaboration and teamwork.

TechCom

- Coordinated logistics for a 1,000+ participant national hackathon, managing 20+ volunteers and 3 parallel competition tracks.
- Worked across teams to manage multiple event tracks.

Skills

C++, Python, SQL, Backend(Flask and FastAPI), OOPs, Databases, Computer Networks
Intermediate Proficiency

Data Structures, Keras, OpenAI gym, NumPy, Matplotlib, Scikit, Tensorflow
Intermediate Proficiency

Certifications

Foundation in Data Science
IIT Madras
Completed subjects fundamental to delve into machine learning and data science.

Awards

Black Belt in Karate

- Secured podium finishes in multiple state and national-level tournaments organized by N.K.A.I and I.P.K.C.
- Demonstrated discipline, focus, and resilience through 6+ years of competitive experience.

Table Tennis

- Won gold at inter university sports meet at Guru Gobind Singh Indraprastha University.
